

CAPA TASK FORCE TRACKING REPORT

Updated January 18, 2008

ASPHALT INDUSTRY FORUM (Joint CAPA/CDOT)

Industry Co-Chairman: Tom Peterson, (303) 741-6150, tompeterson@co-asphalt.com

Current Status: An Aggregate Quality Task Force was started in October to address two specific aggregate issues of interest to industry. CDOT did not request the formation of any new task forces.

Next Scheduled Meeting: February 20, 2008; May 1, 2008

CAPA QC MANAGER'S COORDINATION COMMITTEE

Industry Chairman: Bob Ekstrom, United Companies, bekstrom@united-gj.com, (970) 241-8249

Current Status: Industry-only meetings of member company QC Managers or consultant representatives.

Meetings are typically held a week or two before the AIF meetings. Last meeting was held on December 6.

Next Scheduled Meeting: Thursday, February 7.

SMOOTHNESS TASK FORCE

Industry Co-Chairman: Tom Clayton, (303) 741-6148, tomclayton@co-asphalt.com

Current Status: A significant change planned for 2008 projects will be the use of contractor QC high speed profiler data CDOT for acceptance by CDOT. A meeting was held on Nov. 19 to discuss I/D levels.

Meeting Status: The task force is still active; however, the next meeting of the task force has not been set.

RAP TASK FORCE

Industry Co-Chairman: Denis Donnelly, (303) 548-5558, dedonnelly@aol.com

Current Status: The Task Force was formed in Oct., 2006 to address industry concerns of the RAP specification. There were eight original topics to be discussed by the task force they include the following;

- Where AC is paid separately, how should RAP be paid? Completed
- Can RAP be allowed on gradation acceptance jobs? Completed
- Need an ignition oven correction factor. * Need good method to find %AC in RAP.
- Best way to do mix design work when millings are to be used.
- Grade bumping requirements. * QC and mix design best practices.
- How to handle mix problems on RAP projects. Completed

Percent of RAP used is a key subject and has been added as a new topic to the Task Force.

Next Scheduled Meeting: Thursday, December 13, 2007, afternoon.

AGGREGATE QUALITY (Part II)

Industry Co-Chairman: Jarrett Welch, (303) 741-6148, jwelch@brannan1.com

Current Status: Started at the October AIF at the request of CAPA. The two issues of the task force are the following: fine aggregate specific gravity requirements and aggregate soak time for the Micro-Deval Test.

Next Scheduled Meeting: 1:00pm, Tuesday, February 19, 2008, CDOT N. Holly Office

CAPA/MGPEC HMA TASK FORCE

Original scope of task force was to review the RAP specification. The task force is now reviewing the entire asphalt specification. Last meeting held on December 3, 2007.

Next Scheduled Meeting: **9:30am, January 24, 2008, CAPA Office**
