LabCAT Prerequisite – Work Experience Statement

Work Experience Statement for Level ABCE

The work experience statement is not required if the testing technician has been previously LabCAT certified in any level. If this is the first LabCAT certification, you must submit a work experience statement. You may use this form, submit your resume, or send an email to document a minimum of 30 days experience in testing of hot mix asphalt and/or related materials. Prerequisite documentation (if required) must be submitted no later than the Wednesday prior to the session start date.

Work Experience Statement for Level S

The work experience statement is not required if the testing operator has been previously LabCAT certified in level S. If this is the first time you have been Level S certified, you must submit a work experience statement. You may use this form, submit your resume, or send an email to document a minimum of 30 days experience in profiling roadways using the HSP. In addition, provide information regarding your training on the operation and set-up of the HSP. Prerequisite documentation (if required) must be submitted no later than the Wednesday prior to the session start date.

RELEASE OF LIABILITY
This is a Release of Liability. Please read before signing.

Training is to be provided by the Colorado Asphalt Pavement Association (CAPA). Upon my acceptance of such training, and as a condition of being accepted for such training, I acknowledge that the manufacture, preparation and use of asphalt pavement and materials related to the asphalt pavement industry involve a risk of physical injury to any individual undertaking such activity. I also acknowledge that the asphalt pavement industry involves use of extremely hot and hazardous materials which are difficult or impossible to completely contain or control, and which, likewise, cause an inherent risk assumed by a worker in the asphalt pavement industry. To the extent provided by law, the undersigned expressly assumes such risk and waives any claim he/she might state against CAPA as a result of physical injury incurred in said activities, even if such injury results from the alleged negligence of CAPA.

To the extent provided by law, I agree to hold CAPA harmless for any negligence, carelessness or intentional or non-intentional acts which result in my injury or someone else's injury.

The undersigned acknowledges that all of his/her future work in asphalt pavement operations and safety must be based upon the undersigned's own experience and judgement and that no claim will be made against CAPA arising in any way out of the training or certification it provides to the undersigned except as expressly set forth in this Agreement.

To the extent provided by law, the undersigned further agrees to hold CAPA, its officers, directors and employees harmless from and against all claims, liabilities, causes of action, and other legal proceedings, including reasonable attorneys' fees, which may be brought by third parties in any way arising out of or connected with or resulting from my future activities in the asphalt pavement industry.

The undersigned further acknowledges and agrees that CAPA has made and disclaimed all express or implied warranties in connection with the training or certification provided to the undersigned. In undertaking training and certification with CAPA, the undersigned is relying solely upon his or her own judgement or that of his or her employer that such training or certification may be helpful to his/her professional development, and is not relying on any representation made by CAPA as to the efficiency or completeness of said certification and training.

The undersigned expressly agrees that his or her sole remedy in the event of dissatisfaction with the training or certification provided by CAPA shall be a refund of the fee paid for such training or certification and that any claim for such refund must be made within 30 days after completion of the training or certification or forever be waived. The undersigned expressly waives any right to make claim for consequential, incidental or other damages.

This agreement shall be effective and binding upon the parties hereto. The parties hereto acknowledge having read and understood this agreement.
